

SYED SHAHID

Hassan, India 573201
8073595867 | syedshahid5958@gmail.com

Dynamic and detail-oriented Work Study Student with a strong foundation in Python and database management. Proven ability to apply data structures and algorithms to solve complex problems. Recognized for effective collaboration and communication skills, contributing to team success in academic projects. Passionate about computer graphics and visualization, eager to leverage skills in a professional setting.

Projects

IoT Weather System: Developed a weather monitoring system using sensors and microcontrollers to track temperature, humidity, and air quality.

Smart Dustbin: Designed an IoT-enabled dustbin with automated lid opening and closing, and alerts for when it's full.

Education

Bachelor of Engineering in Computer Science Expected in October 2027
Malnad College of Engineering, Hassan

- **12th-Achievers'** Prajna PU College, Sakleshpura (2020-2022)
- **10th Standard** - Anugraha High School, Arehalli (2018-2020)

Skills

- | | |
|------------------------------------------|----------------------------------|
| - Programming Languages: Python, C, Java | - Data Structures and Algorithms |
| - Operating Systems | - Database Management Systems |
| - Computer Graphics and Visualization | - Video Editing |
| - Graph Theory and Combinatorics | - Photo Editing |

Experience

Work Study Student
Hassan

November 2022 - November 2027
